

Destiny Moderate Portfolio

July 2016

Investment strategy

The investment strategy is to maximise the allocation of investment receipts towards retirement funding investments, and to objectively select and manage asset manager allocations on its members' behalf so as to maximise investment returns at an appropriate level of risk.

Comments

The global asset class benchmark was increased by 2.5% effective 1 May 2016. Cash flows will be used to reach these target positions.

The TER is made up of the underlying investment managers' fees and Momentum Outcome-based Solutions policy fee. The TER excludes GIB's annual asset platform fee, which is a maximum of 0.75% (exclusive of VAT). The TER excludes performance-based fees and these are limited to those charged by Foord, Fairtree and Allan Gray for its global portfolio.

Investment portfolio mandate

This investment portfolio is aimed at income and capital growth. The equity content will be greater than the bond and cash components. The portfolio, however, would tend to be less volatile than the market as a whole. The portfolio is managed in compliance with Prudential Investment Guidelines as well as being comprehensively managed to comply with the limits of Annexure A to regulation 28 of the Pension Funds Act.

This investment portfolio is administered and managed by Momentum Outcome-based Solutions (Pty) Ltd, registration number 2004/023064/07, which is an authorised financial services provider in terms of Section 8 of the Financial Advisory and Intermediary Services Act, 37 of 2002 (FAIS Act), as amended, FSP licence number 19840. This information is not advice as defined and contemplated in the FAIS Act. The company is also registered as an administrator in terms of Section 13B of the Pension Funds Act, registration number 24/401. Investment returns for periods exceeding one year are annualised. All returns quoted are before deduction of fees, except where a portfolio includes underlying investments where fees are deducted from the return, but after the deduction of performance-based fees. All returns are daily time-weighted returns. The return for the global component of a portfolio is generated at month-end using the global component's last known price. The return for Consumer Price Index (CPI) is to the end of the previous month. The investment manager returns shown in the table are based on the history of Momentum Outcome-based Solutions (Pty) Ltd's investment in that particular investment manager's portfolio, and not necessarily when the investment manager was included in this portfolio. Given that past returns may not be indicative of future returns and the value of investments will fluctuate over time, independent professional advice should always be sought before making an investment decision. Although reasonable steps have been taken to ensure the validity and accuracy of the information in this document, the company does not accept any responsibility for any claim, damages, loss or expense, howsoever arising, out of or in connection with the information in this document, whether by a client, investor or intermediary.
